Auditions* for limited spots in the 2026-27 Iowa City Youth Choir Program. Selected youth will be placed in one of two choirs based on experience, skill, and age:

Discover Choir: Singers in this choir discover the joy of participating in a choral community. They will develop choral skills such as reading octavos, ensemble singing, and healthy and expressive vocal practices. This is typically grades 3-5.

Aspire Choir: Singers in this choir aspire to share the joy of choral music with each other and their community. They will develop choral skills such as independence in reading musical scores, part-singing, and vocal technique. This is typically grades 6-8, although occasionally 3rd-5th grade students may be placed due to prior choral and music literacy skills.

Directors: Beth Brown & Jay Broeker

**returning members do not need to re-audition*
